Edinburgh's Garden District

Murray Estates would like to invite you to a ten day planning workshop (charrette) on our proposals for Edinburgh's Garden District

25th October – 3rd November 2010

The charrette is an intense, concentrated design workshop through which interested members of the community can join forces with the architects and planners of Murray Estates and Duany Plater-Zyberk & Company (DPZ) to create a masterplan for an approximately 600 acre site to the West of Edinburgh. Andres Duany will lead the charrette. We would like to invite community leaders, planners, city and government officials, business and amenity groups, political representatives, and local residents to attend the charrette.

You are warmly invited to attend one or more of the following:
